Publications of the Coordinate Metrology Society

JOURNAL OF THE CMSC

The *Journal of the CMSC* is published twice a year in the Fall and Spring by the Coordinate Metrology Society. Each issue devotes its pages to the finest white papers presented by industry experts at their annual Coordinate Metrology Society Conference. Diverse applications of portable, three-dimensional measurement technology are represented in this well-read journal. The annual subscription fee for the publication is included in the membership dues of the Society. **Circulation: 6,000 + readers plus bonus distribution.**

CMSC WORLD

The Coordinate Metrology Society publishes their official eNewsletter *CMSC World* four times a year. This digital publication includes feature articles, case stories, industry news, commentaries, new products, videos, surveys, job placement listings, and more. *CMSC World* is "the place" to share insights and technical expertise with other CMSC colleagues! Members are urged to submit articles and news for consideration of publication. Submission guidelines can be found on Page 4. **Circulation: 33,000+.**

* Entire Coordinate Metrology Society Membership and Select Readers of *Quality Digest Daily*

2016 PUBLICATION CALENDAR

<u>Spring Issue: Date of Publication</u>	<u>Ad Space Close</u>	<u>Ad Materials Close</u>
April 4, 2016	3/11/2016	3/18/2016
<u>Fall Issue: Date of Publication</u>	<u>Ad Space Close</u>	<u>Ad Materials Close</u>
September 6, 2016	8/12/2016	8/19/2016

ADVERTISING RATES

†**Inside Front Cover**, 4 Color, Full Page: \$3,100.00

†**Back Cover**, 4 Color, Full Page: \$3,100.00

Inside Back Cover, 4 Color, Full Page: \$2,800.00

Full Page, 4 Color: \$2,400.00

Horizontal Half Page, 4 Color: \$1,500.00

†**Bonus:** Inside Front Cover and Back Cover advertisers receive a free e-blast to more than 20,000 *Quality Digest Daily* readers.

ADVERTISING SPECIFICATIONS

1. All art should be CMYK (4/C "process" color definition)
2. All images must be high resolution: 300 dpi minimum
3. Acceptable graphic file formats include: High-res PDF or TIF files.
4. Full page ads should be 8" x 10.75" (8.5" x 11.25" Bleed)
5. Half page horizontal ads should be 7" x 5". CMSC does not accept bleeds for ads smaller than full page.

Bleeds: Reading and "live" matter should be placed 1/4" from trim line on all sides. Full page ad print is 8" x 10.75". A full page ad with bleed should be constructed to 8.5" x 11.25" (this would leave all reading and "live" matter 1/2" from edge). The CMS does not accept 1) bleeds for ads smaller than a full page, 2) half-page island ads, or 3) half-page vertical ads.

DELIVERY OF ART WORK

Instructions to deliver your artwork can be found on the **Advertising Insertion Order Form** on Page 5.

Content Guidelines For CMSC World

Your Submissions are Welcome!

CMSC World is "the place" to share your insight and technical expertise with other CMS members and metrologists! We are looking for experts and experienced authors to write articles that provide specific and useful information to help members become more successful in their use of metrology technology. We urge you to submit articles for consideration of publication, as well as case stories, commentaries, press releases, new product announcements, news briefs and more.

How to Submit Articles for Consideration

Please follow the guidelines below, and submit articles for consideration of publication to publications@cmssc.org. Please include your full name, email address, postal mailing address, and daytime phone number with each article submission. Submit your articles in plain ASCII text, Rich Text Format (RTF), or Microsoft Word (most preferred).

Ideally, articles for *CMSC World* should be limited to a specific word count, as covered below:

- * Feature articles (1,500 words) should cover technology, applications, implementations
- * On the Case - Case stories (1,500 words) or studies describing successes and pitfalls of actual projects

When writing an article, consider the following questions:

- * How will readers benefit from reading your article?
- * Will they learn a new technique?
- * Will they work more effectively if they implement your suggestions?
- * Will they embrace a new product more successfully based on your implementation plan?
- * What do you know now that you wish you knew before you started your project?

In short, articles should give readers the inside track on how to use metrology technology more effectively. You should strive to include rules-of-thumb or guidelines for readers whenever possible, including pointing out obstacles that might be encountered and offer workarounds.

Submit News - Commentaries, Press Releases, New Product Announcements, News Briefs

Other news items should also be limited to a specific word count, as described below.

- * Press releases and photos - (prefer under 1,000 words)
- * New product announcements and photos - (prefer under 1,000 words)
- * News briefs (200 words maximum)

Submit news for consideration of publication to publications@cmssc.org.

Thinking about Writing an Article? Submit an Abstract First!

If you are thinking about writing an article for CMSC, we highly recommend that you send an abstract for your proposed article. Submit your abstracts via e-mail to publications@cmssc.org. An abstract should address the following questions:

- * What is the business problem/situation?
- * What is the current or old technology solution?
- * What is the new and/or better metrology technology solution?
- * How does the new technology solution exceed the current or old solution?
- * Is there quantitative data such as time savings, ROI, or higher productivity resulting from the use of this technology?
